Independent Auditors' Report

To the Board of Directors San Ysidro Improvement Corporation San Diego, California

We have audited the accompanying financial statements of San Ysidro Improvement Corporation (a Non-Profit Corporation), which comprise of the statements of financial position as of June 30, 2021 and 2020, and the related statements of activities and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of San Ysidro Improvement Corporation as of June 30, 2021 and 2020, and the changes in its net assets, and its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Emphasis-of-Matter Regarding Going Concern

The accompanying financial statements have been prepared assuming that the Corporation will continue as a going concern. As discussed in Note 6, the Corporation has a decrease in Net Assets at June 30, 2021. This factor raises substantial doubt about the Corporation's ability to continue as a going concern. Management has a plan of action that is described in Note 6. The financial statements do not reflect any adjustments that might result from the outcome of this uncertainty. Our opinion is not modified with respect to this matter.

Report on Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The schedule of functional expenses on page 5 is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Report on Summarized Comparative Information

Guerrer, Jimeny, Dig: Co LSP

We have previously audited San Ysidro Improvement Corporation June 30, 2020 financial statements, and we expressed an unmodified audit opinion on those audited financial statements in our report dated November 11, 2021. In our opinion, the summarized comparative information presented herein as of and for the year ended June 30, 2020, is consistent, in all material respects, with the audited financial statements from which it has been derived.

San Ysidro Improvement Corporation Dba San Ysidro Chamber of Commerce

Notes to Financial Statements June 30, 2021

NOTE 1 - Summary of Significant Accounting Policies

Nature of Business

San Ysidro Improvement Corporation, (the "Corporation"), is a California non-profit benefit corporation which started operations in February 1999. The purpose of the Corporation is to revitalize and promote business improvement within the San Ysidro community through activities which contribute to the economic and promotional well-being of the San Ysidro area of the City of San Diego. The Corporation assists regional businesses with licensing, marketing, and provide cleaning of San Ysidro Blvd. and community art in the San Ysidro area.

Property and Equipment

Property and equipment are recorded at cost. Depreciation expense is computed using the straight-line method over the estimated useful lives of the related assets, which are generally from 3 to 7 years. All property and equipment purchased by the Corporation with funds received from the City of San Diego are considered property of the City. If the agreement with the City of San Diego is terminated for any reason, the Corporation is required to deliver such assets to the City of San Diego.

Income Taxes

The Corporation was organized as a non-profit Corporation and was granted exemption from Federal and State income taxes under section 501(c)(6) of the Internal Revenue Code and 23701(e) of the State of California Revenue and Taxation Law.

Method of Accounting

The financial statements of the Corporation are prepared on the accrual basis of accounting.

Use of Estimates in the Preparation of Financial Statements

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect reported amounts. These estimates are based on information available as of the date of the financial statements, therefore, actual results could differ from these estimates.

Basis of Presentation

The financial statements of the Corporation have been prepared in accordance with U.S. generally accepted accounting principles ("US GAAP"), which require the Corporation to report information regarding its financial position and activities according for the following net asset classifications:

<u>Net assets without donor restrictions</u>: Net assets that are not subject to donor-imposed restrictions and may be expended for any purpose in performing the primary objectives of the Corporation. These net assets may be used at the discretion of the Corporation's management and the board of directors.

<u>Net assets with donor restrictions</u>: Net assets subject to stipulations imposed by donors, and grantors. Some donor restrictions are temporary in nature; those restrictions will be met by actions of the Corporation or by the passage of time. Other donor restrictions are perpetual in nature, where by the donor has stipulated the funds be maintained in perpetuity.

Donor restricted contributions are reported as increases in net assets with donor restrictions. When a restriction expires, net assets are reclassified from net assets with donor restrictions to net assets without donor restrictions in the statement of activity.

Measure of Operations

The statement of activity reports all changes in net assets, including changes in net assets from operating and nonoperating activities. Operating activities consist of those items attributable to the Corporation's ongoing programs. Nonoperating activities are limited to resources that generate return from long-term investments and other activities considered to be of a more unusual or nonrecurring nature.

Revenue Recognition

Under the San Diego Ordinance that created the Business Improvement District (BID) the City collects a special assessment on behalf of the BID, which is the major source of funding for the Corporation. Such amounts are held by the City on behalf of the Corporation and disbursed monthly in the form of reimbursements for programs and services performed by the Corporation. Other sources of funds are received in the form of grants from the San Diego Small Business Enhancement Fund Program "SBEP". Direct membership assessments made to banks that operate within the business improvement district, special activities and events organized by the corporation to promote the business community.

Functional Allocation of Expenses

The statement of functional expenses presents expense by function and natural classification. Expenses directly attributable to a specific functional area of the Corporation are reported as expenses of those functional areas. A portion of costs that benefit multiple functional areas (indirect costs) have been allocated across programs and supporting services based on the full-time employee equivalents of programs or supporting service.

New Accounting Pronouncement

In August 2016, the Financial Accounting Standards Board (FASB) issued ASU 2016-14, Not-for-Profit Entities (Topic 958) – *Presentation of Financial Statements of Not-for-Profit Entities.* This ASU amends the current nonprofit reporting model and enhances nonprofit Corporations required disclosures. The ASU addresses the complexity and understandability of net asset classification, deficiencies in information about liquidity and availability of resources, and the lack of consistency in the type of information provided about expenses and investment return. The Corporation has adjusted the presentation of these statements accordingly.

Subsequent Events

Subsequent events are events or transactions that occur after the statement of financial position date but before financial statements are available to be issued. The Corporation recognizes in the financial statements, the effects of all subsequent events that provide additional evidence about conditions that existed at that date, including the estimates inherent in the process of preparing financial statements. The Corporation's financial statements do not recognize subsequent events that provide evidence about conditions that did not exist at the date of the

statement of financial position but arose after that date and before the financial statements are available to be issued.

The Corporation has evaluated subsequent events through October 25, 2022, which is the date the financial statements are available for issuance.

In January of 2020, the Corporation was a defendant of an unsubstantiated wrongful termination lawsuit from a disgruntled employee. The lawsuit was settled on February 8, 2022, and the court ruled in favor of the defendant since the plaintiff did not produce enough admissible evidence. See Note 7.

NOTE 2 - Accounts Receivable

The balance in accounts receivable represents unpaid claims submitted to various agencies of the City of San Diego for expenditures incurred through the end of the fiscal year and other receivables as follows:

		2021	2020
Accounts Receivables	Total	<u></u>	\$ 7,130 \$ 7,130

NOTE 3 – Fixed Assets

Fixed assets consisted of the following at June 30, 2021:

	<u>2021</u>	<u>2020</u>
Signage	\$9,980	\$ 9,980
Maintenance Equipment	4,003	4,003
Office Equipment	<u>11,579</u>	11,579
	25,562	25,562
Less accumulated depreciation	<u>(25,562)</u>	<u>(25,562)</u>
Net Fixed Assets	<u>\$ -</u>	\$

NOTE 4 – Liquidity and Availability of Resources

The Corporation's financial assets available for general expenditure, that is without donor restrictions limiting their use within one year of the statement of position date, are as follows:

Cash and cash equivalents	\$ 13,929
Accounts Receivable	
Total financial assets available within one year	\$ 13,929

Less:

Amounts unavailable for general expenditures within one year due to:

Restricted by donors with purpose restrictions

Amounts unavailable to management without Board of Directors approval:

Total financial assets available to management for General expenditure within one year

\$ 13,929

The Corporation maintains policies of structuring its financial assets to be available as its general expenditures, liabilities, and other obligations come due.

NOTE 5 – Net Assets Without Donor Restrictions

The Corporation has undesignated Net Assets without donor restrictions of (\$25,036) at June 30, 2021, and (\$935) at June 30, 2020.

NOTE 6 - Going Concern

Uncertainty about a Corporation's ability to continue as a going concern relates to its ability to continue to meet its obligations as they become due within one year after the date of the financial statements are issued. The Corporation has a decrease in Net Assets of \$24,901, a positive balance of \$13,929 in cash, no Accounts Receivable, and \$40,765 in Accounts Payable and Accrued Expenses as of June 30, 2021. Therefore, the Corporation is considered at risk of not meeting its obligations within the foreseeable future.

The Corporation's Executive Director explained that the Corporation has initiated changes and procedures to increase Net Assets going forward such as getting new sources of funding and reducing expenses. The Corporation has secured annual operation sponsorships in the amount of \$96,000 from Falck Ambulance Service, and another \$96,000 from Urban Leaf. It also reduced staffing and design and improvements expenses to cut costs as well. As of June 30, 2022, the Corporation received \$112,930 of sponsorship revenue and has increase in Net Assets of \$20,329 according to the unaudited financial statement.

The Corporation was negatively affected by COVID 19 (see note 8). Management projects revenues to increase in the near future since the COVID19 restrictions were lifted. The Corporation was able to continue to operate as of December 8, 2022, the date of this audit report.

NOTE 7 – Pending Lawsuit

San Ysidro Improvement Corporation is one of the nonprofit Corporations named as defendants in three lawsuits filed by San Diegans for Open Government ("SDOG") (Plaintiff/Petitioner):

The first one was filed in 2014, an additional lawsuit was filed in 2015 which has been consolidated with the original 2014 lawsuit and is considered one lawsuit.

On June 6, 2017, a second lawsuit was filed to challenge the most recent fiscal year which is nearly exactly the same as the 2014 case. The Municipal Defendants have filed a motion with the court to narrow this case down to a single lawsuit (similar to the first case).

The Municipal Defendants also filed a motion to consolidate this lawsuit with the 2014 case as it involves exactly the same issues.

The above lawsuits challenge Municipal Defendants' authorization of a variety of tax levies and collections labeled as "assessments" by Municipal Defendants in order to avoid public scrutiny without first obtaining the requisite approval of the voters of the City of San Diego, and the approval of the illegal tax and related contracts in violation of conflict-of-interest laws. Municipal Defendants deny that the challenged assessments are taxes within the relevant definition and that public approval of them is required.

On February 2018, San Diegans for Open Government filed a third lawsuit, petition for Writ of Mandate under the California Public Records Act and Other Laws. On April 19, 2020 the entire consolidated case was stayed pending before the California Supreme Court. As of October 19, 2019, the date the last status conference was held, this matter is still stayed, pursuant to the Court's agreement to stay the matter. A Case Management Conference was held on November 13, 2020 and the trial date was set for December 3, 2021. The case was subsequently resolved and allowed this matter to proceed.

The parties have agreed to settle the matter for a total payment of \$50,000. With the City of San Diego taking on a disproportionate share, each BID will pay \$2,529. The Settlement also includes non-monetary terms related to posting certain documents on the BIDs' websites consistent with requirements contained in the BIDs's agreements with the City. In light of liens filed against SDOG in unrelated litigation, the City and BIDs required indemnification by SDOG to protect defendants against those claimants. The Parties have recently come to a favorable settlement, with the Association paying \$2,529. The Corporation executed payment of \$2,529 and the case was settled on February 16, 2022.

In January of 2020, the Corporation was a defendant of an unsubstantiated wrongful termination lawsuit from a disgruntled employee. The lawsuit was settled on February 8, 2022, and the court ruled in favor of the defendant since the plaintiff did not produce enough admissible evidence. See Subsequent Events section of Note 1.

NOTE 8 - COVID19 Outbreak

In early 2020, the Corporation was directly impacted by the coronavirus outbreak (COVID-19). On January 31, 2020, U.S. Health and Human Services Secretary declared a public health emergency for the United States. In March 2020, the Governor of California announced that all nonessential businesses were required to shut down operations for a few weeks, with the exception of take-out and delivery services which were allowed to continue.

In response to the Governor's order, the Corporation was negatively affected as mentioned in the following:

Approximate Loss of Revenues

Memberships Special Events \$40,000 65,000

Staff was furloughed May 2020 to March 2021 to reduce expenses as well as health precaution.
